

STUDENT REQUIRED SUPPLIES AND TOOLS – 2010/2011 Culinary Arts Certificate and Diploma

Each student is required to have his or her own kitchen tools and supplies. The knives and other tools that are required for work in all kitchen labs must be of **professional quality** and **appearance**. The Culinary Arts program reserves the right to evaluate and test all student tools to examine and justify the quality of the tools. The textbooks and course-packs that are required and recommended to purchase by the student for the Culinary Arts Program, are used not only for the students current training, but are deemed a valuable resource for the students post-grad usage in the culinary industry. It is **mandatory** for all students to purchase the required books for each year in order to fully succeed in the culinary program. The program also strongly advises all students to purchase the recommended texts and books.

Student required books, supplies and tools are identified below.
All prices are subject to change.
