

# Robert McGuire

Solutions Architect

Network and Mobility Solutions Team

## Hewlett Packard (Canada) Co.

### Biography

Mr. McGuire is a Solution Architect with Hewlett Packard (Canada) Co. He has been with HP since January 1992 and has 20 years of experience in the IT Industry. His current focus is on developing and delivering RFID and Mobility Solutions for HP customers. He has been a key member of the Network and Mobility Solutions team, helping design and develop RFID solutions for the HP RFID lab and strategic customer projects.

He has been a lead member of a design/implementation team responsible for upgrading 30,000 users from Exchange 5.5 to Exchange 2000, with a key role in implementation of Exchange and AD Provisioning, Monitoring/Alerting and Reporting solutions. He has been a Technical Team Lead designing and developing a business governance portal for the merger and integration office, and Technical Team Lead delivering Windows based document management systems for the Premier of Ontario Correspondence Unit.

Robert has a Bachelor of Computer Science (Co-op) Degree from University of New Brunswick.
