

**WE HELP
SOLVE YOUR
OIL SANDS
TECHNOLOGY
CHALLENGES**

**CENTRE FOR OIL SANDS
SUSTAINABILITY**

NAIT's Centre for Oil Sands Sustainability helps industry partners develop technologies that improve the economic and environmental performance of the oil sands.

Our expertise focuses on five main areas:

- **TAILINGS MANAGEMENT**
- **WATER TECHNOLOGY**
- **EMISSIONS**
- **VALUE CHAIN OPTIMIZATION**

"COSS is uniquely positioned to provide expertise and facilities for the evaluation and advancement of promising technologies in oil sands sustainability."

SEAN WELLS, SENIOR ENGINEERING ADVISOR, SUNCOR
